

Calcule mentalement en utilisant les compléments à 10.

Exemple $9 + 4 = \boxed{9 + 1} + 3 = 10 + 3 = 13$

$$9 + 1 = 10$$

$$9 + 2 = \dots\dots\dots$$

$$9 + 5 = \dots\dots\dots$$

$$9 + 3 = \dots\dots\dots$$

$$8 + 2 = 10$$

$$8 + 4 = \dots\dots\dots$$

$$8 + 3 = \dots\dots\dots$$

$$8 + 5 = \dots\dots\dots$$

.....
Calcule.

$$9 + 3 = \dots\dots\dots$$

$$8 + 3 = \dots\dots\dots$$

$$5 + 8 = \dots\dots\dots$$

$$9 + 5 = \dots\dots\dots$$

$$8 + 5 = \dots\dots\dots$$

$$4 + 7 = \dots\dots\dots$$

$$9 + 4 = \dots\dots\dots$$

$$8 + 7 = \dots\dots\dots$$

$$3 + 8 = \dots\dots\dots$$

$$9 + 7 = \dots\dots\dots$$

$$7 + 6 = \dots\dots\dots$$

$$2 + 9 = \dots\dots\dots$$

$$9 + 9 = \dots\dots\dots$$

$$7 + 8 = \dots\dots\dots$$

$$5 + 8 = \dots\dots\dots$$
